Barjarow family lose home to chimney fire on Thursday

A Stanhope family lost their home and all its contents on Thursday afternoon at five o'clock when fire broke out in their chimney. The seven room, frame house of Mr. and Mrs. Colin Barjarow, burnt to the ground in minutes after calling the Stanhope Fire Department. Stanhope Fire Chief George Wilson estimated the total damage to house and contents at \$25,000. The house was located on the Barry Line, north of Stanhope Airport.

The loss has prompted the Airport Committee and Mrs. Pamela Rolfe to set up a "Barjarow Benefit Fund" in the township, in an effort to collect clothing, food and money to help the Barjarow family get back on their feet.

The Stanhope Airport Committee will share the proceeds of their upcoming Valentine's Dance on February 14th. Mrs. Rolfe would also like to inform the public that anyone wishing to support the fund, but not intending to attend the dance, may make donations of money etc., by cheque, payable to the Barjarow Benefit Fund and deposit same with Mr. Gerald Bain, clerk-treasurer of the township or herself at Carnarvon Lumber.

The fire department was supported at the scene of the blaze by the Dysart Fire Department, but their efforts were to no avail due to the chimney being enclosed on the top floor of the house.

Family of five lose home to fire

the building. The Barjarow Benefit Fund is now underway, and anyone wishing to donate food, clothing or money can now do so at the Stanhope Municipal office or Mrs. Pam Rolfe at Carnarvon Lumber.

Free Income Tax Clinic here

HALIBURTON — A free income tax clinic will be held at the Haliburton Legion on Friday, February 6th commencing from 9:30 am to 12 noon.

Anyone interested in taking this informative course is welcome. Interested people will join a selected group of individuals from across the county who will then, on completion of this course, be available as volunteers in their municipality if income tax problems arise.

The course is being sponsored by the Haliburton County Home Support Services, who approached the Ministry of Revenue in Belleville for this service. Mr. Dave Wilson of the income tax branch of this ministry will be putting on the clinic.

narvon and Fenelon Falls will be holding a "President's Challenge."

The challenge is to all league presidents in each house to take a pledge sheet available from Carnarvon Lanes, Mae's Country Mart and chairman Ron Robinson, and solicit pledges from members of your league, club or people in the community.

The President or his appointee, who collects the greatest dollar value raised will win the challenge, and a merchandise prize. The person who collects the greatest amount of monies per pin will also win a merchandise prize.

If a president is unable to become involved he may appoint another concerned member to canvas his league. All in all it's a painless but rewarding way for you or your rep to do your part for a most worthwhile charity.

The big winners will be all the little brothers who live in father-less homes in the county. The monies raised are to be collected and paid to the local Bowlers Association listed on the pledge sheet.

These monies are to be collected by March 16, and are then distributed, 80 percent going directly to the local Big Brothers Chapter. For more information call Don Wolfram or Ron Robinson.

STANHOPE NOTES

by A. F. Stevenson

The recent fire which destroyed the home with contents and clothing of Mr. and Mrs. Colin Barjarow and their three children has resulted in the Airport Committee deciding to share the proceeds of the Valentine dance to be held on Feb. 14th at the Firefighters Community Hall. The committee has decided to turn over half of the proceeds to a fund being started to assist the family meet this misfortune. The committee would also welcome any donations of foodstuff for the dance, thus keeping the cost to a minimum.

The dance is usually staged by the flying enthusiasts to raise funds to enable them to hold the annual fly-in enjoyed by so many area residents. Their decision to assist the Barjarow Benefit is certainly a commendable one, and Mrs. Pam Rolfe informs us that anyone wishing to support the fund, but not intending to go to the dance, may make donations of money by cheque payable to The Barjarow Benefit Fund and deposit same with Gerald Bain at the Stanhope Township office or with Pam Rolfe at the office of Carnarvon Lumber.

While on the subject of the Stanhope Airport committee it is worth noting that Derek Rolfe, long time supporter of the airport activities and safety officer for the committee, has been chosen to receive the award for his entry in the antique aircraft class at the annual experimental aircraft association of Canada show, held last July at Orillia. Derek's entry was his 1945 Taylor Craft and he will attend

the association convention in Toronto Feb. 7th to receive his award. Our congratulations to Derek.

The recent protest from many municipalities across Ontario, in which Stanhope Township joined, objecting to the failure of the Ministry of Environment to consult with South Cayuga on the decision to locate an industrial waste disposal site in that community, seems to have made some impression on the authorities. The ministry will now be holding public hearings to acquaint the residents with details of the proposed operation and the type of facility for processing the various types of waste material. The ministry also intends to unveil the details of personnel who would administer the operation. While the up coming hearing does not meet the expectations of municipalities with regard to the Environment Assessment Act, it is certainly reassuring to know that the concerns of the public are being given attention.

Emergency preparedness and disaster control came up for discussion at County council when Mrs. Julie Gray spoke on the subject. She outlined the need for by-laws dealing with such control measures and indicated the need for a master plan on a county wide basis rather than on a municipal level.

Mrs. Gray also pointed to the need for creation of a committee which would include representatives from the OPP, fire departments, plus other key personnel. It was decided to hold a seminar in March to be attended by those considered essential to such a program and open to the public.

A letter from the Ministry of Housing re Shoreline Allowances indicated that some complaints have been received re delays in implementing the program at the municipal level. However it would appear that the ministry is satisfied that the hold up is due to need for action by the county in coming forward with a comprehensive program.

Council members listened with some interest as the report on the Maple Syrup feasibility study was made by the consultant Mr. Jim Brown. The study, financed 25 percent by the county and 75 percent by the province for a total cost of \$10,000 presented a picture of a possible county wide industry which could be beneficial to several of the county municipalities.

Factors re acreage, financing estimates, management needs were outlined and some mention was made about the new method of removing water from the sap by mechanical means followed by boiling, using oil produced heat. The consultant pointed to

Stanhope Council meets

STANHOPE — At their last regular meeting council acknowledged receipt of a letter from Murray Fearrey, Reeve of Dysart et al with respect to a 'Jaws of Life' fund and council recommended the release of funds with the following conditions: (a) the equipment be appropriately named and designated as The Haliburton County Jaws of Life; (b) they be dispatched by ambulance where required and operated by area fire departments; (c) this recommendation meets with the approval of "Club 21" (former Stan-

hope firemen) and solicitors Cruikshank and Mac-Pearson. It is understood this donation is being made to the fund by and on behalf of all members of the fire department who were serving the department during the raising of funds or receipt of any donation for this piece of equipment.

Authorization was given to Bob Jennings and John Hogg to attend Fundamentals of Casualty Care Course to be held in Haliburton, Jan. 26-29. Council also recommended the fire chief include any future courses deemed feasible by members be included in the 1981 budget for consideration.

Council on behalf of the fire department, recreation committee and community centres board in the Township, extend a very sincere note of appreciation to Mrs. Ann Barker for her most generous donation to these committees' from funds raised by herself in sponsoring a New Years dance.

Mrs. Barker was also appointed chairperson for the 1981 Stanhope Fun Day and she is authorized to appoint three other persons to act as a committee. Fun Day 1981 will be held July 25th.

Council appointed the following persons to the Stanhope Community Centre's Board for the period of Jan. 1, 1981 to Dec. 31, 1981 — William Cowen, John Muise, Curtis Eastmure and Dorothy Finch.

Novices beat Ops 2-1, Atoms Peewees, Bantams defeated

MINDEN — It wasn't a banner week for the Atoms, Peewees or Bantams but the Novices came through with a tough 2-1 decision over Ops. They tangled with Ops on Saturday afternoon and came back from a 1-0 Ops lead after one period to record the victory. Joey Boyle tied the game in the second unassisted and then Robbie Ackerblade fire the winner in the third from linemates Randy Bull and Taylor.

The Atoms met a fired up Beaverton squad on Saturday and Sunday and went down to two shutout defeats 5-0 and 6-0. Coach Tom Russell said the boys are really trying hard but just seem to run out of steam in the third period.

The Peewees played three games last week and lost all of them, running their winless streak to nine games with just two games remaining in the regular schedule, both against Haliburton. Minden played all three games on successive nights and the heavy schedule took its toll. They played Bobcaygeon in Caygeon on Thursday and lost 5-1 with Tom McLeod scoring the lone Minden goal. On Friday they travelled to Haliburton and lost 6-0 and on Saturday at the Centre, Beaverton squashed our lads 8-0.

In Bobcaygeon on Friday evening the Bantams dropped their tenth game of the season, 7-0.

Silvers nets four goals, juveniles defeat Oakwood 10-2

MINDEN — The 10th win of the season for the Vasey Juveniles came on Friday when they trampled the shorthanded Oakwood team 10-2.

Shawn Silvers led the onslaught with four goals getting one in each of the first two periods and two in the third. Kevin Shapiera opened the scoring at the 51 second mark from Les Booth. Warren Mann from Pete Johnson and Silvers unassisted made it 3-0 at the end of the first.

Dave Lennie upped the count to 4-0 unassisted in the second. Rick Chop then scored from Greg Carpenter and Lennie, 5-0. Oakwood then broke a possible shutout bid. Silvers ended the period with his second from Shapiera, 6-0.

Silvers started off the third with his third goal of the night from Shapiera and Booth. Mann picked up his second two minutes later from Ed Davis. Silvers got his fourth from Craig Cowan and Booth ended the scoring from Shapiera.

Walker Lumber midgets down Cayceon 3-1, lose to Fenelon

MINDEN — The midgets split their two games last week, trimming Bobcaygeon 3-1 in Bobcaygeon on Thursday evening and then dropped a tough 2-1 decision to Fenelon at the Centre on Saturday.

In Bobcaygeon, Eldon Bull put Minden on the scoresheet at 2:33 of the first with an assist going to Bob Edge. Bobcaygeon tied the game 1-1 at 9:36. There was no scoring in a tight checking second period. Harold Cowen netted the winner for Minden at 4:42 of the third cashing a three way play with Craig Coneybeare and Andrew Shapiera. Coneybeare did it again at 11:55 with assists from Cowen and Shapiera.

At the centre in Minden on Saturday the midgets dropped their fourth game to Fenelon Falls, three of the four lost by one goal. Ivan Ingram scored the opener from Kevin Hamilton but Fenelon scored once in each of the second and third periods to take the win.

In the Secretaries division Judy Lavoy of Bancroft finished in eighth place with a plus 138 good for a hand mixer.

Joining the Summers at Bancroft will be the following seven couples; Keith and Aloma Johnson plus 125, Garnet and Laura Fagan plus 122, Herman and Inez Bosley plus 94, Ira and Wanda Carter plus 85, Doug and Joanne Robinson plus 73, Dan and Brenda Harding plus 62 and Neil and Darlene Johnson plus 54.

Bexley Township Council vote themselves 66.7 percent raise

Bexley Township Councillors voted themselves an increase in pay from \$30 to \$50 per meeting, a move reported to bring them into line with surrounding municipalities.

The pay raise is retroactive to December 1 and represents a \$600 per annum raise for Councillors and a \$480 per annum raise for Reeve Everett Cameron.

Councillor Doug Michel reports that the pay raise was made a \$1200 per annum salary, rather than specifically a per meeting rate. He explained that two Councillors had indicated they would not attend special meetings without getting paid. The per annum rate therefore includes not only the regular 24 meetings per year but also any special meetings which might be necessary.

"If we had kept pace with surrounding townships in past years or had not taken a decrease (\$5 per meeting) last year we would not have had such a high percentage increase."

The increase represents 66.7 per cent above last year's rates.

In addition Councillor Doug Michel and Deputy Reeve Jim Hannivan have been allowed \$300 on top of their regular salary, for expenses incurred in the recreation committee and industry and tourism committees respectively. The Councillor said these were the only two active committees of the township and that special meetings, phone calls and travelling expenses were necessary.

Mr. Michel also indicated that Council will look at a further in-

crease in the near future for Reeve Cameron, since it is customary for the Reeve to receive a higher salary than his councillors.

In the second game Home Hardware upset the Rockcliffe Hotel 6-5. However, the Hotelmen hung

on to second place on the strength of six wins to Home's five, although both teams finished with 13.

Jim Wynne led the Hardware boys to their victory with the hat trick. Paul Blackburn had a pair, and Dave Dollo one. Rockcliffe goalgetters were Randy Anderson, Leigh Bull, Bill Hogg, John Barkwell and Jim Todd.

The final standings had Hall 7-4-1 for 15 points; Rockcliffe 6-5-1 for 13, Hardware 5-4-3 for 13 and Hartwick 3-8-1 for 7 points.

The teams now enter the playoffs next Monday with Hall vs Hartwick and Rockcliffe vs. Home Hardware in best two of three series.

That's because your deposit on a new leased car can be substantially less than what you'd put down to buy a new car. What's more, you'll never fret over what your lease car is worth at trade-in time because your car will never get too old.

Each monthly leasing payment also covers such costs of enjoying a new car as financing, depreciation, taxes.

There are other solid reasons for leasing a new Chevrolet from us. So, come on in. Let's discuss your lease plan ... and that new Chevrolet ... that fit your needs.

Tykes down Lakefield 7-1, Hie, Gentle score three

MINDEN — Arron Hie and Justin Gentle had themselves quite a day on Saturday at the Centre when they led their tyke team to an easy 7-1 win over Lakefield with sparkling three-goal performances.

Hie opened the scoring the first for the Tykes cashing a pass from linemate Philip Boyle. Gentle then scored unassisted and made the count 3-0 before the period ended, this time assisted by Donald Landry.

Lakefield scored early in the second period but Hie scored two in a row and Steven Beaver added a third goal of the period to put Minden ahead 6-1 after two periods. Boyle and Gentle drew assists from the referees in this period.

Gentle added his third goal, unassisted near the end of the third. Oliver Greer had an outstanding day between the pipes for Minden.

Stanhope Notes

Con't from page 1

lower operating costs by the new method and this prompted Reeve Harrison to question the affect on a county like Haliburton where wood cutting is a source of employment, and also to point to the general oil situation that might prevail in the future.

In the consultants breakdown of hard maple stands suitable for the plan, Stanhope was shown to have a favourable position with nine concentrated stands totaling more than 1,100 accessible acres. There was a large acreage of less accessible and lower concentrated stands but the heavier concentrations lend themselves to earlier consideration should the industry become an actual fact.

As is to be expected financing is the most uncertain element in the industry's development. It does not appear to be an employment intensive proposition, but given time and financing the industry could have enriching and spin off effects on the county economy.
